FORKLIFT THOROUGH EXAMINATIONS

We have certified CFTS trained staff that can offer examinations on any make of telescopic handler.

Under UK law, EVERY fork lift truck must have a valid Thorough Examination certificate. CFTS sets the national standard for this vital, regular inspection.

To provide clarity, the industry's major trade associations worked together - in consultation with the Health and Safety executive - to give clear, definitive procedures and consistent high standards for a safe and genuine Thorough Examination. The result is Consolidated Fork Truck Services (CFTS): the national accreditation scheme for Thorough Examination, specifically for companies who service forklift trucks.

The distinctive CFTS mark: it's your guarantee that a Thorough Examination is full and valid under law, and will be carried out by a fully trained engineer in accordance with strict quality procedures.

NEW DEPOT OPEN IN HUTTON CRANSWICK

The Kilham depot has closed after over 30 years.

Over the past eight months, we have been refurbishing and expanding on the existing infrastructure of our new premises in Hutton Cranswick and now... it's finally open to you! When coming from Beverley, it is the left-turn just before the '40mph/Hutton Cranswick' sign. If coming from Driffield, pass through the village and as you come to the '50mph' sign on the way out of the village, we are on the right hand side. Of course we have the New Holland totem up now, so you should be able to spot us a lot easier!

Come and visit us: The Airfield, Beverley Road, Hutton Cranswick, YO25 9PF
