2017 SPECIAL SERVICE OFFER: HAVE YOUR SERVICE DONE WITH YOUR LOCAL DEALER BY 31ST DECEMBER 2017 AND RECEIVE A FREE NEW HOLLAND WINTER FLEECE*

* Offer valid until 31st December 2017. Only available in participating dealerships.

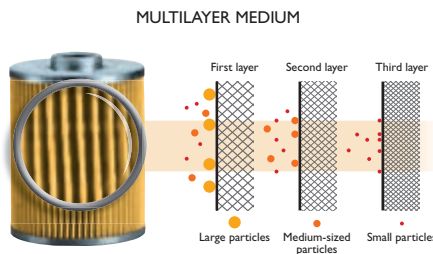

SPECIAL FEATURE: FILTERS

FILTERS SUPERIOR PROTECTION THROUGHOUT THE SEASON

For your tractor to work efficiently throughout the season, all the parts need to perform to the highest standards. Failure to observe the maintenance intervals may increase your machine's downtime, reduce its performance and incur high maintenance costs.

Filters are a key component of engine maintenance. It is important to change and replace various filters according to recommended maintenance intervals.

OIL

5X
MORE EFFICIENT:
Original New Holland oil filters have a retention efficiency percentage which is 5 times higher than standard filters.

ENGINE AIR

RISKS RELATING TO POOR FILTRATION

Poor air circulation/engine not protected against external particles.

CONSEQUENCES

Excessive fuel consumption/engine wear.

FUEL

NEW HOLLAND FILTER

4000 000 cycles

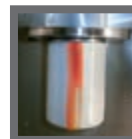

Fault free

LOW-QUALITY FILTER

3099 cycles

Crack failure = fuel leakage

YOUR BALER

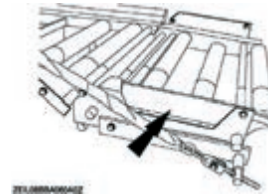

ENHANCING YOUR **BALER** WITH OUR RANGE OF VALUE-ADDING ACCESSORIES

Is your baler in top condition?
Give your machines a boost with a selection of New Holland accessories:

MOISTURE KIT

This Kit is designed to determine the moisture content of your bales. It can be set on the monitor by the operator to highlight low or high moisture content.

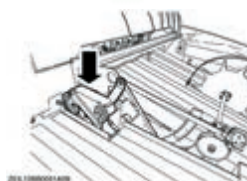

WEIGH CELL KIT

Highly accurate (+/- 2%) weighing on-the-go, without slowing down or stopping the baling process.

CAMERA KIT

Watch your bales being wrapped and ejected with this camera and viewing monitor

ELECTRONIC BALE LENGTH KIT

This is a kit containing the Knotter Trip Motor. When adding to an already present encoder Kit, it results in a complete Electrical Bale Length system enabling automated trip.

Do you want your machines to perform more efficiently this winter? Contact your local dealer to find out more about the **NEW HOLLAND WINTER INSPECTION OFFERS**

OUR PARTNERS

The lubricant is an essential component of your equipment and is fundamental in ensuring the highest degree of efficiency in the toughest operating conditions.

The **AMBRA** range has been developed for **NEW HOLLAND** by **PETRONAS**, the lubricant specialist in the agricultural world.

Using the most advanced technology available for all **NEW HOLLAND** tractors and farm machinery. **AMBRA** comprises a complete series of advanced lubricants and operating fluids:

- **ENGINE OILS** • **TRANSMISSION OILS** • **SPECIFIC AXLE OILS** • **HYDRAULIC OILS** • **BRAKE FLUIDS** • **GREASES** • **PROTECTIVE FLUIDS FOR RADIATORS** •

AMBRA Multi G

The specific multifunctional fluid for New Holland

- ✓ Breaking efficiency
- ✓ Transmission durability
- ✓ Prompt servo-control response

AMBRA UNITEK 10W-40

The latest generation of engine oil

- ✓ **AMBRA UNITEK** complies fully with **TIER IV** regulations which have imposed strict reductions on emission limits including the most recent **TIER IV B** regulations
- ✓ A very high resistance to oxidation in order to avoid the decrease of lubricant performance during service life

AMBRA ACTIFULL OT

Giving the best protection to the cooling system of your machine

- ✓ Special **OAT (Organic Acid Technology)** formulation that allows **extended life** and, therefore, longer coolant change intervals
- ✓ Superior protection against corrosion of the metal components of the engine and cooling system with which it comes in contact

AMBRA[®]

PICK OF THE SEASON

MORE PRECISION IN EVERY SITUATION

KEEP YOUR DOWNTIME **TO A MINIMUM**

Looking for spare parts in a hurry? Need to get your machine back in action after a breakdown? New Holland has developed personalised aftersales services – from emergency breakdown assistance to next-day part delivery – to ensure you perform at your best all year long.

LOGISTICS

DELIVERING PRODUCTIVITY

Always focusing on customer satisfaction, New Holland is committed in delivering to you the best service. **Five key drivers** are the core values of our service level. They lead our daily work to ensure you a minimum downtime for your machine, even during the winter season.

COMMITMENT

We are attentive to your needs at every moment in order to get you back in action as quickly as possible.

ANTICIPATION

Our goal is to stay one step ahead of your requirements by managing inventories to guarantee optimised stock all year long.

CARE

We are experts paying attention to detail in everything we do from order accuracy to the protection of transported goods.

INNOVATION

We use cutting-edge technologies to boost your performance and ensure minimum downtime during your maintenance.

REACTIVITY

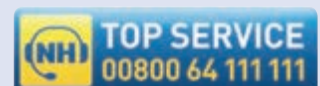

Dedicated teams of high trained engineers are ready to help at a moment's notice, especially during the busy harvest period.

TOP SERVICE

MAXIMISING YOUR SATISFACTION

To provide you with the highest levels of personalised care all day, every day, New Holland works closely with the Dealer Network to ensure maximum satisfaction through TOP SERVICE:

- ASSISTANCE 24/7, 365 DAYS A YEAR
- EMERGENCY BREAKDOWN MANAGEMENT
- EXTENDED IN-SEASON SUPPORT
- EXPRESS PARTS DELIVERY
