BENEFITS OF USING A RECOGNISED DEALERSHIP

There are many benefits when opting to have your tractor or combine serviced or repaired by Robert D Webster Ltd. First and foremost, you get greater security and reassurance your warranty will be preserved. Whilst some independents will want to service your tractor or combine, Robert D Webster Ltd, a franchised New Holland Dealership, can guarantee their work, both parts and labour, which goes a long way to protecting your machines residual value.

Independents would invalidate your machines warranty by using non-genuine replacement parts and none registered and unqualified technicians. We will make certain our components are certified by the manufacturers themselves, not to mention the access we have to the most up-to-date diagnostic and monitoring equipment. All our technicians are fully trained by the manufacturers every year, independents are not. Independents will not have the latest info and technology in their workshop and often cause problems to the sophisticated electronics on your machines when worked upon.

Remember parts supplied and fitted by Robert D Webster carry a manufacturer backed warranty of up to 12 months. Remanufactured parts make a more cost-effective repair, but when fitted by Robert D Webster, they can carry a parts and labour warranty of up to 24 months.

When you buy a pre-owned tractor or combine, we will provide a warranty certified through the manufacturer, and will be able to provide written evidence of this. If you are looking at financing options for the vehicle, main dealerships will usually offer a lower interest rate than the independents due to their closer relationship with the manufacturer.

Servicing your tractor or combine regularly with Robert D Webster, will have a positive benefit on your resale value. Prospective buyers prefer to see an official dealer stamp in the book rather than a local independent. If you have bought a new or near-new tractor or combine, this is definitely worth considering.

WELCOME TO...

RICHARD SMITH

We would like to introduce you to the newest member of our Sales Team, based at our Howden Depot, Mr Richard Smith. Richard was born, raised and is still living on a small farm near Reedness in East Yorkshire. He has worked in the agricultural industry for over 25 years with excellent experience and knowledge in New Holland combines and other farming machinery, cutting up to 2000 acres annually, working on two large Lincolnshire and Yorkshire Farms. He starts with us on Monday 22nd October.

CONTACT RICHARD ON: 07951 323868
