# TONNEAU COVERS

**Practical, stylish and offering incredible protection to your Isuzu D-Max.**

All of the above are valid reasons for choosing from our range of tonneau covers.

## SOFT TONNEAU COVER →

Simple to install and a cost-effective way to cover your load bed. The alloy frame uses clamps to attach to the load bed, so no drilling is required, and it only needs to be partially dismantled to accommodate large loads. This can easily be done in under 5 minutes.

Centre support beams make the cover taut, which stops water pooling on the surface of the cover. Hidden fasteners give the appearance of a single piece, making it more secure.

**DC DL20 DC DL40 V-CROSS AT35**

Part no: **IACC3662**

### Available for:

**EC DL20 EC**

Part no: **5867633310**

## FOLDING SOFT TONNEAU COVER →

Practical and stylish, this tri-fold vinyl tonneau cover is a great addition to your Isuzu D-Max as it reduces air drag. The tonneau cover can be easily fitted and only requires four non-drill clamps to secure it to the truck bed. The cover folds right up to the pick-up cab and can be secured in the fold-up position if required, using the securing straps.

### Available for:

**DC DL20 DC DL40 V-CROSS AT35**
